INGREDIENTES PARA UN PLANETA
FELIZ

The central graphic consists of a large rounded rectangular frame containing six smaller rounded square icons arranged in a 3x2 grid. The icons represent environmental and sustainability themes: water (three droplets), recycling (a recycling bin and a toilet), trees (a pine tree and two deciduous trees), energy (a light bulb, a CFL bulb, and a power plug), and a recycling symbol (a bin with a recycling symbol). To the right of this frame is a large circular illustration of a smiling alien with two long antennae and a spotted body.
